JNR Adjustment Company is representing Comcast for the purpose of damage claim resolution. Our client experienced facility damage due to a contractor who has indicated they were working for the City of Savannah to install a water main

During a project on Red Fox Dr and Red Fox Ct, a buried communication line was damaged. We are showing this damage occurred on or about August 3, 2012. We are working with Comcast to resolve this issue.

D & C Directional Boring, LLC has indicated their company was contracted by the City to bore at this location to install a water main when the buried communication line was hit and damaged. To aide in the resolution of this incident, we are requesting the City to provide a copy of the Certificate of General Liability Insurance that this contractor would have supplied the City during the application, awarding or execution of this project. Please provide that copy that is the closest to the date of loss as possible. If similar information was supplied on sub contractors, we would request the same information on them, if available.

This request includes copies of the documents related to the matter, regardless of the format in which the information is stored. We request copies of these records provided, either by mail, facsimile, or email, whichever is most prudent for your office.

Please advise of any cost for these documents so funds can be sent before documents are disseminated. However, if you anticipate that in order to satisfy this request, "extensive use" of information technology resources or extensive clerical or supervisory assistance will be required, please provide a written estimate.

					Seeking records on all zoning variance appeals that have been granted over the past 2-3 years. Specifically, I am seeking the amount of buffer variances that were granted in unincorporated Chatham County by the City of Savannah board of appeals. It would be ideal if you could provide information on how many of those same types of appeals were NOT granted. I am not quite sure what records exist and how they are organized, so any and all guidance is greatly appreciated. Thank you for your time, Best

- â€¢The flood zone information including flood zone designation and the map number and print date;
- â€¢Any zoning or code violations for the property.
- â€¢Any records/knowledge of prior site use
- â€¢Any Activity Use Limitations (AULs) for the subject property
- â€¢The use, storage and/or disposal of hazardous wastes and materials;
- â€¢The current and/or historical presence of underground or aboveground storage tanks at the property;
- â€¢Any violations, complaints or records of environmental concerns at the property;
- â€¢Any record of emergency calls;
- â€¢Any hazardous wastes and/or materials related incidents
- â€¢Any suspected environmental issues with any abutting properties
- â€¢Any records/knowledge of prior site use
- â€¢Recent inspections of the property

If you could provide this information or the location and method for obtaining this information I would greatly appreciate it.

Good Morning! This communication is a formal "open records request" for a list of " properties sold at property tax sales" or your county's "excess funds list," which I believe is maintained by your department. The excess funds to which I am referring are those arising in the case of a bid over the amount of property taxes owed at tax sale. I am only looking for uncollected surplus funds on un-redeemed properties.

The information I am requesting from the records is the tax sale date, owner's name, either the property address or owner's mailing address, and the amount of surplus funds due the owner. If you have these records in electronic format, I'd prefer the information that way. Otherwise, please let me know how much a hard copy of your list will be, and where and to whom to mail the check.

If you do not maintain a list of these surplus amounts, any advice on how I could collect that information from existing files you have would be very much appreciated! If I have reached the wrong department, I would very much appreciate this email being forwarded to the correct department, with a cc sent to me.

If there is anything I can do to aid or expedite the process, please let me know, as I'm eager to do whatever I can to make your job easier.
